

SUMMARY

Hey, my name is Guillermo and I'm a software developer passionate about web and mobile application development. I have experience with several languages and technologies but I'm always looking to improve and learn every day. I like challenges that make me think out of the box and work to the best of my abilities. If you want to know more about me you can visit my website: www.guillermoreb.me.

EDUCATION

INSTITUTO TECNOLÓGICO DE CELAYA: BACHELOR OF COMPUTER SYSTEMS ENGINEERING, 2012-2016

JOB EXPERIENCE

SOFTWARE ENGINEER INTERNSHIP: CIE Automotive, 2016-2017

Designed, built and tested both, web and desktop versions of software for in-house use having VB, C# and SQL Server as the main tools.

Maintained and added several modules to existing platforms and software in order to keep up with today's standards.

Assisted in database management and updates within certain areas of the company.

Learned different technologies by pairing with experienced developers and engineers.

FULL STACK DEVELOPER: Centro Universitario Iturbide, 2015-Present

Developed a maintainable, scalable responsive web application dedicated to the administration of the university (students, teachers, careers, payments, etc) built with NodeJS, ExpressJS as the back end tools and AngularJS and Handlebars as front end frameworks.

Updated and maintained code to improve site performance and to keep up to date with current technologies and standards.

Wrote support documentation and provided training to end-users.

ACHIEVEMENTS

MEMBER OF THE STUDENT SOCIETY: 2013-2015

Represented my career as a member of the student society organizing several events and conferences for professional development.

SILICON VALLEY STUDY TRIP SCHOLARSHIP: 2014

Won a scholarship to make a trip to Silicon Valley to visit several companies.

Celaya, Guanajuato, Mexico
